

# Defensible Space and Biodiversity Workshop

Bridging the gap between  
reducing fire hazard and keeping  
and restoring native plants

Central Sonoma Coast Firewise Community and  
The Fort Ross Conservancy present:

Sonoma Ecology Center and University of Nevada's  
Fire and Drylands Ecosystem Lab experts to help  
property owners learn more about sustainably reducing  
wildfire fuels in 5 to 100+ ft zone

Sunday, June 29, 2025

11:00 AM – 1:00 PM

Fort Ross State Park, Hwy1

(At the entrance say you are attending this workshop for free parking)
